Students will be picked up from their classroom teachers at the kinder yard and escorted to the Nova meeting place.

1st - 6th Grade

Students will meet their teachers at the Central Playground railing outside Room 1120.

AFTER YOUR STAR NOVA CLASS

Students will need to be picked up at the Lake garden gate. Kinder and 1st grade students who are not in an after school child-care program **MUST** be checked out by a parent, legal guardian, or person authorized by their parent. 2nd-6th grade students will be released to the yard. Please be on time to pick up your child because STAR is not responsible for your child before and after class.

REGISTRATION FEE

A \$10 fee is required for each student PER SESSION to cover insurance and registration costs. This fee is non-refundable and is not applicable toward the cost of the classes.

ABSENCES

Please contact your STAR NOVA Director if your child will be absent.
If your child is absent from school, it is school policy that he/she cannot attend STAR NOVA that day.

REFUND POLICY

1. No refunds of any kind will be given after the first week of attendance.
2. We reserve the right to cancel any class due to insufficient enrollment. Should such an event occur your money will be credited.
3. Tuition will not be refunded if your child misses a class, quits, or is asked to leave due to disruptive behavior.

BEHAVIOR POLICY

STAR NOVA reserves the right to dismiss students whose behavior proves disruptive to other participants. In such cases a consultation will be held with all relevant parties before any action is taken. No refund will be offered in such cases.

SCHOLARSHIPS

Scholarships are available on a sliding scale basis. Scholarship paperwork **MUST** be submitted by January 20, 2017 along with a check for 50% of the total fee **INCLUDING REGISTRATION FEE**. Please see your STAR NOVA director to inquire for more information.

If you have any questions, or for information about school closures and minimum days contact your STAR NOVA Director, Janneth Maragakis at (310) 912-4152 and benjaminfranklin@starinc.org

Important Note: 3rd- 5th Grade Classes
"All STAR classes incorporate advanced enrichment curriculum for 3-5th graders to appropriately challenge and creatively stimulate our older STAR students."

STAR MONDAYS

TECHNOLOGY: GADGET BUILDERS - SPY KIDS EDITION

Ever wonder how cool it would be to build and use gadgets like the spies from your favorite TV shows? Now even you can become the next "undercover spy" in our latest hi-tech Gadget Builders class! In this class, students will learn how programming and electronics interact with different components and sensors as they build a new electronic device each week. Using kid-friendly electronics and block-based coding, our budding electrical engineers will get to build devices like a motion-sensing fan, heat sensing devices, or a color-changing smart lamp, then use their skills to prototype gadgets of their own imagination! **NOTE: As this class requires the use of small components and coding language, we recommend enrollment to students 2nd grade and up. Limited to 12 students maximum.**

A part of the STAR S.T.E.A.M. Initiative, this class utilizes multiple disciplines (Science, Technology, Engineering, Art, Mathematics) to convey crosscutting concepts.

Day: Monday

Time: 2:20 PM - 3:20 PM (2-3) 3:20 PM - 4:20 PM (4-6)

Fee: \$95

Date: 1/30/2017 - 3/13/2017

STAR MINECRAFT SAGA: ESCAPE FROM ATLANTIS!

After a plane crash in the Atlantic Ocean, you and your fellow Minecrafters find yourselves trapped in the mysterious underwater city of Atlantis. Survival will depend on learning to master the magic and technology the Atlanteans left behind. Escaping will be harder: though the Atlanteans have long-since disappeared, something in Atlantis is still alive. . . and it doesn't want to let you go. This is a sandbox-style Minecraft Saga adventure set in an abandoned underwater city. Students will work together to explore the lost city of Atlantis, discover its secrets, and find a way to escape to the surface. **NOTE: As this is an advanced Minecraft adventure, students should have experience with Minecraft before joining this class. Limited to 12 students maximum.** *A part of the STAR S.T.E.A.M. Initiative, this class utilizes multiple disciplines (Science, Technology, Engineering, Art, Mathematics) to convey crosscutting concepts.*

STAR THURSDAYS

CHESS: CLASSICAL CHESS (ALL LEVELS)

Classical chess is the oldest way to play the royal game. This class will focus on the fundamentals of piece movement and strategy. Using games from classical geniuses such as Paul Morphy, Roy Lopez, and Capablanca, kids will learn that the game of chess is not about taking all of your opponent's pieces, but about taking the right pieces, at the right time, to win in as few turns as possible. Students will study chess puzzles that will improve tactics, pattern recognition, and spatial memory. This class is appropriate for students of any age or ability and builds critical thinking skills while lengthening attention span. In addition to the regular class, students will also play on an in-class chess team and participate in a tournament against all of our schools at the end of the session. Chess is the easiest international language to learn. It is a bridge between people from all countries, cultures, and ages. Give your child a head start in learning one of the world's most beloved games.

SPEED CHESS MASTERY (ADVANCED)

For those who have already mastered the art of classical chess, we will add the most exciting ingredient to this beautiful game -- time. Students will learn how to play with chess clocks and how to manage their time effectively. They will also learn advanced rules like touch - move, king blunders = loss, and other exciting changes to the classical game. Students will play at different time controls including: Rapid (10min) Blitz (5min) and Bullet (1min). In addition to moving faster, kids will also learn to look deeper into the game. We will discuss endgame theory, learn from advanced puzzles, and study the games of the modern masters such as World Champion Magnus Carlsen, Hikaru Nakamura, Fabiano Caruana and many more. Students will also play on an in-class chess team and participate in a tournament against all of our schools at the end of the session.
