It's not uncommon to see teenagers glued to their smart phones, swiping over social media sites with the agility of ninjas. But for 17-year-old, Thomas Suarez, being on his phone is all about business. Suarez taught himself coding at the age of 7, developed his first iPhone app at age 9, and gave his first TED talk at 12-years-old, which has been watched over 4.9 million times on TED and YouTube, and translated into 37 languages: http://www.ted.com/talks/thomas_suarez_a_12_year_old_app_developer

Suarez is also the Founder and Chief Engineer of CarrotCorp Inc., a technology company that creates mobile applications for Apple iOS, Android, Google Glass and smartwatches, develops 3D printing systems and provides advanced consulting in engineering and technology. Suarez has been a guest speaker all over the world and recently returned from Cancun, Mexico, where he was the keynote speaker at ASOFOM, a conference for top-level bankers and financiers about how to support and encourage tomorrow's young innovators. He was also invited by the royal family of Saudi

Arabia to speak at the MiSK Global Forum, an initiative to empower the youth of the region to become global citizens and to lead the way for the sustainable development of Saudi Arabia.

STAR: What led you to start coding?

TS: I've always been fascinated by technology. For as long as I can remember I've tinkered with it, even taking apart old VCRs to see how they worked. Initially, I was interested in developing for the Mac platform, and then when the iPhone came out, I wanted to develop apps for it. Through online tutorials and experimentation, I taught myself iOS development skills.

STAR: Did you understand coding right away or did it take some practice?

TS: My coding journey has always been about experimentation. I learn best with a hands-on approach. At the time, there wasn't anywhere to go for someone my age to learn coding, so it was really about trial and error. Without trial and error, I wouldn't be the developer I am today.

STAR: How did you get the opportunity to speak at TEDx and end up on TED.com?

TS: There was a TEDx event in Manhattan Beach and the education foundation was involved with the planning of it. They had heard about me, and the app club (app city) I had started at my middle school, and invited me to speak. The TEDx talk went extremely well and they ended up publishing it on TED.com due to the high demand for it.

STAR: How did you become involved with STAR?

TS: At a Google IO viewing event I attended in 2013, I met a STAR representative. We began to discuss AppCity and all the exciting programs STAR was doing with technology and that's when I formed a working relationship with STAR. It's been awesome ever since.

STAR: Where do you want to be in 10 years?

TS: In the future I would love AppCity and coding education to become prominent, and I look forward to developing and working with upcoming technologies.

ROSCOMARE STAR NOVA 3

Date: 1/30/2017 - 3/20/2017

No Class: 2/20/2017

DANCE: HIP HOP

Hip-Hop Hooray! Bring your best moves and come prepared to learn super fly street beats, improvisational styles and even integrate some of the latest break-dance moves into your very own music video choreography. Get up on your feet -- or your hands-- to get down to these hip-hop beats!

NOTE: This class is a two-session commitment.

Day: Monday

Time: 3:00 PM - 4:00 PM (TK, K-2)

Fee: \$115 (* 2 session price \$330)

Date: 1/30/2017 - 3/20/2017

No Class: 2/20/2017

SKATEBOARDING: BOARDERZ

Learn the basics of skateboarding from pushing, braking, and turning to advanced moves like kick flips, tail slides, and carving. Join STAR's exciting skateboarding safety and instruction class and you'll be on your way to rival pros like Tony Hawk and Ryan Sheckler! Our professional skateboarding instructors will conduct weekly skill assessments for both beginner and experienced skateboarders as they learn a series of progressive moves from the Boarderz "tricktionary". Students develop skills at their own pace, and learn important "Skate Safe Techniques" to promote skateboard safety. We encourage students to bring their own helmet, elbow pads, knee pads, and wrist guards designed for skateboarding.

NOTE: Limited to 10 students maximum. Boards will be provided during class time.

ALTERNATIVE GARDENS:

GARDENING IN UNUSUAL PLACES AND CIRCUMSTANCES

Explore the millions of garden structures - from bales of hay to old wheelbarrows; from buckets to bags, pallets to petri dishes. Create a communal alternative garden for your school's garden space, and plant some winter-hardy veggies to enjoy! Examine the different types of plants that can thrive in each of these alternative garden spaces and learn what makes them unique. As always, students will continue to maintain the school's garden by watering existing plants, removing unwanted weeds, planting new seeds, and managing the compost.

Day: Monday

Time: 3:00 PM - 4:00 PM (TK, K-2)

Fee: \$140

Date: 1/30/2017 - 3/20/2017

No Class: 2/20/2017

CHESS: CLASSICAL CHESS (ALL LEVELS)

Classical chess is the oldest way to play the royal game. This class will focus on the fundamentals of piece movement and strategy. Using games from classical geniuses such as Paul Morphy, Roy Lopez, and Capablanca, kids will learn that the game of chess is not about taking all of your opponent's pieces, but about taking the right pieces, at the right time, to win in as few turns as possible. Students will study chess puzzles that will improve tactics, pattern recognition, and spatial memory. This class is appropriate for students of any age or ability and builds critical thinking skills while lengthening attention span.

Day: Monday

Time: 3:00PM – 4:00PM (TK-2) 4:00PM – 5:00PM (3-5)

Fee: \$115

Date: 1/30/17 – 3/20/17

Pet beds

Now that we have gotten through holiday season and entered the New Year, you may find yourself looking around your home wondering how you are going to make room for all of the extra gifts you accumulated. Don't worry, STAR Eco Station can take them off your hands and you can contribute to a worthy cause.

The STAR Eco Station is a non-profit rescue so we are always looking for help in providing the best care possible for all of our rescued animals! In an effort to help raise funds to support the facility we are planning an auction. All money generated by the auction will go directly towards the care and well being of all the animals, as well as help in the construction of a brand new enrichment area for our bobcat!

Generating funds for the daily care of over 200 rescued animals is already a steep hill to climb, so when extra projects come up it really stretches our resources. It is time for our bobcat, Lulu, to receive a new home to live in to help improve her quality of life. So if you receive gifts that just aren't you, or that you already have, think of us and donate so we can auction them off to help with the construction of her new enclosure.

In addition, we are always in need of a variety of cleaning and first aid supplies that are used in the care of our animals. Some things the STAR Eco Station is constantly in need of are Simple Green cleaner, sponges, cotton balls, Q-Tips, disposable gloves, environmentally safe dish soap and

cleaners. Lots of our animals like soft and cozy things to cuddle up with, so any clean clothing, towels, blankets or pet beds will also go a long way. If you have any other items you are thinking about donating to the STAR Eco Station but are unsure if it is something that can be used, feel free to contact us.

Happy New Year from all us at the STAR Eco Station and thank you all for your continued support, keepin' it wild!
